

# Cra-Z-Slimy Creations™

## Getting Started

Find a clean, flat surface to work on.  
Protect your work surface with paper  
towels or newspaper before starting.

mix & make  
**Goody  
Goody  
Slime!**

## Directions for Clear Glue Slime

1 Measure 15 ml of Clear Glue using the supplied measuring cup, and pour it into a bowl. Scrape down the walls of the cup to get as much of the Glue out as possible.

**TIP:** To remove last contents of glue from the bottle, flip the bottle over and let the glue drain down towards the cap.

2 Measure 20 ml of water (room temperature). Pour it into the same bowl as the Glue.

3 Make it fun! Choose your additive below:

**GO NEON & BRIGHT!** To make colored Slime, measure 1 spoonful of Colourant and add it to the bowl with Glue and water.

**GO GLITTER!** To make Glitter Slime, pour about ½ of the bag of Glitter into the bowl with Glue and water.

**MAKE GLITTER COLOURS!** By mixing a Colorant with the Glitter, you can create a sparkling new colour! Measure 1 spoonful of Colourant and ½ of a bag of Glitter, and add it to the bowl of Glue and water.

4 Stir the mixture of Glue, water and additive with the Slime Stick until fully blended.

5 Measure 5 ml of Slime Activator Solution and slowly pour it into the same bowl while stirring slowly with the Slime Stick. Always use the Slime Sticks to stir. Do not stir with your hands. You will see the mixture get thicker and the solution will absorb. Stir until all the of the solution is absorbed, this can take some time, keep stirring.

**NOTE:** Be careful when using Slime Activator, avoid contact with your eyes.

6 After all of the solution is absorbed, remove the slime with your hands. It is crucial that you knead and work the slime to achieve desired consistency. Roll the slime in your palms, stretch and pull the slime until it becomes less sticky and more cohesive. This will make the slime softer and more stretchy.

**TIP:** Double the recipe to make a larger amount of Slime at one time!

**IMPORTANT NOTES:** These directions will only work using the components in this kit. **SLIME ACTIVATOR MAY BE IRRITATING TO THE SKIN OR EYES.**

**ALWAYS WASH HANDS THOROUGHLY AFTER MAKING AND HANDLING SLIME.**

**WARNING:** THIS SET CONTAINS CHEMICALS THAT MAY BE HARMFUL IF MISUSED. Read cautions on individual containers carefully. Not to be used by children except under adult supervision.

# SLIMY Fun!

## Color Mixing!

- Have fun experimenting with colour! To make pastel colours, use  $\frac{1}{2}$  spoonful of Colourant instead of a full spoonful. To make the colours more vibrant, use 2 spoonfuls of Colourant instead of one.

## Storing Your Slime!

- To make your Slime last longer and not dry out, store in a resealable bag or an airtight container in a refrigerator.

The photo is for illustration purpose only, degree of viscosity may vary depending on the mixing process during normal play

## Washing Instructions

**For Best Results:** Do not use pre-wash or chlorine bleach. Wash in hot cycle, repeat if needed. Keep away from wallpaper, painted walls, furniture, carpeting and all other materials that cannot be laundered.

### WARNING! CHOKING HAZARD.

Not suitable for children under 36 months. Choking hazard (small parts). Please remove all packaging attachments before giving this product to a child. Please use discretion if making purchases for children younger than the age recommended on this package. Product specifications, colour and contents may vary from those illustrated. **IMPORTANT:** Please retain packaging/instructions and purchase details for future reference as they contain important information.

**SAFETY WARNING:** Do not allow material to come in contact with the eyes. Do not place material in the mouth. Do not inhale vapours. Keep very young children and animals away from the activity area. Store chemical toys out of reach of young children. Wash hands after use. Do not use any equipment which has not been supplied with this product or recommended in the instructions for use with this product. Do not eat, drink or smoke in the activity area.

**Item: Slimy Fun Kit**  
**Item Number: 18821**  
**Age Grade: 6 years plus**

### WARNING! GLITTER.

It is advisable to wear protective clothing when using this product. Glitter can be a primary eye irritant. Wash hands thoroughly after use. Excess glitter may be removed with a damp cloth. Glitter on clothes may be washed out before the adhesive dries.

**WARNING:** To be used under the direct supervision of an adult. This item is to be kept out of reach of very young children. Avoid oral contact. Don't be used by children under three years of age.  
**ADVICE:** Protect playing area.

## Try These Fun Experiments!

- When you slowly pull the Slime, does it stretch or tear? What happens when you quickly pull it?
- Try pushing a straw into the Slime and blowing on the opposite end. Are you able to create a balloon-like bubble?
- During Step 5 add a very small amount of extra Slime Activator Solution. Does it create a gel? Try rolling the gel into a ball. Does it bounce?
- During Step 5 use half the amount of Slime Activator Solution. Does this affect the consistency? Does it become more gooey?
