Ages 6 and up
Item #41174CO

If Covert Communicators are not working, try replacing the batteries.

To change batteries:

- Unscrew battery cap.
- Take out old batteries and replace with 1 new 9V battery.
- Replace battery cap.

Each communicator requires 1 x 9V battery (Batteries Not Included).

- Alkaline batteries recommended.
- Rechargeable batteries must only be recharged under adult supervision.
- Rechargeable batteries must be removed from the toy before recharging.
- Non-rechargeable batteries must not be recharged.
- Different types of batteries, or new and used batteries must not be mixed.
- Only batteries of the same or equivalent type as recommended should be used.
- Batteries should be replaced by an adult.
- Batteries must be inserted following the correct polarity.
- Exhausted batteries should be removed from the product.
- The supply terminals must not be short-circuited.
- Batteries should be removed from the product when not in use.
- Do not dispose of batteries in fire.
- Do not use rechargeable batteries.

Adult supervision is required to replace batteries.

Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation. Under the environment with severe electrostatic discharge, the product may malfunction and requires user reset.

Warning: Changes or modifications to this unit not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

Transmitting frequency: 446.00625MHz
Max. EIRP: -15dBm
